PROJECTS

Vehicle Theft Analysis Dashboard - Excel

Jul 2026

- Built an interactive dashboard analyzing 4,500+ vehicle theft records across 12 regions using Power Query for data cleaning and Pivot Tables/Charts for visualization
- Designed KPI cards, dynamic slicers (region, vehicle type, make, month), and trend/correlation charts to surface theft patterns by region, vehicle type, and time
- Identified key insights including highest-risk region, most-targeted vehicle type, and luxury-vs-standard theft split
